Alberta, Oil and Gas Possibilities of Eastern. By J. S. Irwin	147
Albertson, M. Possible Explanation of the Large Initial Production of Some Wells of the Haynesville Field, Louisiana. Geological Note	295
Algae Believed to be Archean. By John W. Gruner. Review by K. C. Heald	302
Annual Meeting of the American Association of Petroleum Geologists, Proceedings of the, Shreveport, Louisiana, March 22, 23, and 24, 1923. The Association Round Table	307
Annual Meeting of the Association. The Association Round Table	599
Arkansas, Relation of Upper Cretaceous to Eocene Structures in Louisiana and. By A. F. Crider	379
——, Southern, Notes on the Stratigraphy of Producing Sands in Northern Louisiana and. By J. P. D. Hull	362
——, The Relation of Quality of Oil to Structure at El Dorado. By Henry A. Ley	350
Arnold, Ralph. Two Decades of Petroleum Geology, 1903-1922	603
At Home and Abroad	90, 210, 323, 464, 600
Automatic Bailer for Oil Recovery. Review by J. H. Hance	84
Back Pressure on Oil Wells, Experiments on. By T. E. Swigart	37
Ball, Max W. Report by the President. The Association Round Table	457
——. Why is an Editor? The Association Round Table	704
Barton, Donald C. Methods of Distinguishing Fused Cores. Geo- logical Note	193
——. The Wiggliestick. Geological Note	427
Bauer, C. Max, and Ernest Guy Robinson. Comparative Stratigraphy in Montana	159
Belchic, George, and C. A. Breitung. Gas Production from the Spring Hill-Sarepta Gas Field, Webster and Bossier Parishes, Louisiana	555
Bell, H. W. Subsurface Conditions in the Heavy Oil-producing Area of Smackover, Arkansas	672
Bellevue Oil Field, Louisiana, The. By E. Holman and R. B. Campbell	645
Best, J. Boyd. Some Probable Relations of Structure to Production in Kansas. Geological Note	75
Bibliography of Foreign Petroleum Resources. Compiled by Bertrand L. Johnson, Assisted by Miss L. M. Jones	593

Rocky Mountain Region, Some Ideas Regarding Oil Accumulation in the. By T. S. Harrison	661
Rocky Mountain Region, The Origin of Light Oils in the. By W. H. Geis	488
Ross, J. S. Preliminary Report on Tonkawa, Oklahoma, Oil Field. Review by Raymond C. Moore	197
Roumanian Petroleum Industry, The, during the First Quarter of 1922. By Andre Surny De Bonnier. Review by J. H. Hance	303
Round Table, The Association 87, 199, 307, 457, 599, 704	
Roundy, P. V., George H. Girty and. Notes on the Glen Formation of Oklahoma, with Consideration of New Paleontologic Evidence	331
Ruby, Glen M. Peculiar Phases of Oil Saturation in Certain Sandstones	473
Russian Oil Fields, Water Troubles in the. Review by G. E. Drach	586
Sabine Uplift, The. Geological Note by L. G. Huntley	179
Salt Dome, The Hockley. Geological Note by Lewis C. Chapman	297
Schramm, E. F. Review of Oil Shale of the Rocky Mountain Region, by Dean E. Winchester	454

	PAGE
Sears, Julian D. Review of Field Geology, by Frederic H. Lahee . . .	300
Sedimentary Petrography, An Introduction to, with Special Reference to Loose Detrital Deposits and Their Correlation by Petrographic Methods. By Henry B. Milner. Review by Marcus I. Goldman . . .	194
Sellards, E. H. Settlement of the Red River Dispute. Geological Note Sericitization and Dolomitization Compared with the Fixed Carbon Ratio of Coal as Indices of Metamorphism in Oil-bearing Formations. Geological Note by Frederic H. Lahee	192 291
Shayes, Fred P., Ben K. Stroud and. The Monroe Gas Field, Louisiana	565
Shoestring Sands of Eastern Kansas. By John L. Rich	103
Shreveport Meeting, The. By Raymond C. Moore. The Association Round Table	202
Simpson Formation, Oklahoma, Notes on the. By Fanny Carter Edson	558
Skirvin, Orren W. Experimental Study of the Invasion of Oil into a Water-wet Sand. Review by J. H. Hance	85
Smackover, Arkansas, Subsurface Conditions in the Heavy Oil-producing Area of. By H. W. Bell	672
South Dakota, The Bearing of Geologic Features in, upon Oil Possi- bilities. By Roy A. Wilson	507
Soviet Council of Petroleum Industry, Geologic and Technologic Work of the. Review by David White	447
Spieker, Edmund M. Review of Geology of the Tertiary and Quater- nary Periods in the Northwest Part of Peru, by T. O. Bosworth and Others	443
Spring Hill-Sarepta Gas Field, The, Webster and Bossier Parishes, Louisiana. By Gerald M. Ponton and John W. Whitehurst . . .	546
Stewart, Philip Charteris Anstruther: Obituary. By E. DeGolyer . .	321
Storm, Willis. The Carbon Ratio. Geological Note	291
Stratigraphic Zones, On the Relative Value of Species of Smaller Foram- inifera for the Recognition of. By Thomas Wayland Vaughan . .	517
Stratigraphy of Producing Sands, Notes on the, in Northern Louisiana and Southern Arkansas. By J. P. D. Hull	362
Stroud, Ben K., and Fred P. Shayes. The Monroe Gas Field, Louisiana	565
Structure, Some Probable Relations of, to Production in Kansas. Geological Note by J. Boyd Best	75
Subsurface Conditions in the Heavy Oil-producing Area of Smackover, Arkansas. By H. W. Bell	672
Supervision of Public Oil Lands. Review by J. H. Hance	196
Swigart, T. E. Experiments on Back Pressure on Oil Wells	37
Takahashi, Junichi. The Marine Kerogen Shales from the Oil Fields of Japan, A Contribution to the Study of the Origin of Petroleum. Review by Dean E. Winchester	83

INDEX TO VOLUME VII

729

	PAGE
Teas, L. P. Differential Compacting the Cause of Certain Claiborne Dips	370
Texas, Faulting and Petroleum Accumulation at Mexia. By Wallace E. Pratt and F. H. Lahee	226
———. Oil at Luling, Caldwell County. Geological Note by Wallace E. Pratt	182
Texas Panhandle, Oil and Gas in the. By Wallace E. Pratt	237
Texas, The Currie Field, Navarro County. By Frederic H. Lahee	25
———. The Relation of the Reynosa Escarpment to the Oil and Gas Fields of Webb and Zapata Counties. By Richard A. Jones	532
———. Water Conditions in Currie Oil Field. Geological Note	76
———. Water Conditions in Mexia Oil Field. Geological Note	77
Thermal Currents as a Factor in Oil Accumulation. Geological Note by Leon J. Pepperberg	429
Thom, W. T., Jr. The Relation of Deep-seated Faults to the Surface Structural Features of Central Montana	1
Tonkawa, Oklahoma, Oil Field, Preliminary Report on. By J. S. Ross. Review by Raymond C. Moore	197
Twenhofel, W. H. The Negligible Oil Possibilities of Wisconsin	653
Udden, J. A. The "Rim Rock" of the High Plains. Geological Note	72
United States Bureau of Mines, Oil Shale Investigations of. Geological Note	77
Upper Cretaceous, Relation of, to Eocene Structures in Louisiana and Arkansas. By A. F. Crider	379
Utah, Gas at Farnham. Geological Note by W. R. Calvert	293
———. Geology and Structure of Portions of Grand and San Juan Counties. By H. W. C. Prommel	384
Vaughan, Thomas Wayland. On the Relative Value of Species of Smaller Foraminifera for the Recognition of Stratigraphic Zones	517
Virginia, Southwest, The Possibilities of Oil and Gas in, as Inferred from Isocarbs. By J. Brian Eby	421
Volcanic Ash in North Canadian Valley, Oklahoma. Geological Note by James H. Gardner	576
Ward, Freeman, and Wilson, Roy A. The Possibilities of Oil in Western Dewey County, South Dakota. Review by J. H. Hance	303
Washburne, Chester W. Discussion of Colin C. Rae's "Organic Material of Carbonaceous Shales"	440
Water Conditions in Currie, Texas, Oil Field. Geological Note	76
Water Conditions in Mexia, Texas, Oil Field. Geological Note	77
Water Troubles in the Russian Oil Fields. Review by G. K. Drach	586
Well Samples, Some Remarks on the Care of. Geological Note by W. I. Robinson	432

	PAGE
White, David. Radioactivity and Oil Field Location. Geological Note	290
———. Review of Geologic and Technologic Work of the Soviet Council of Petroleum Industry	447
Whitehurst, John W., Gerald M. Ponton and. The Spring Hill-Sarepta Gas Field, Webster and Bossier Parishes, Louisiana	546
Why Is an Editor? By Max W. Ball. The Association Round Table	704
Wigglesstick, The. Geological Note by Donald C. Barton	427
Wilson, Roy A. The Bearing of Geologic Features in South Dakota upon Oil Possibilities	507
Winchester, Dean E. Oil Shale of the Rocky Mountain Region. Review by E. F. Schramm	454
———. Review of The Marine Kerogen Shales from the Oil Fields of Japan, A Contribution to the Study of the Origin of Petroleum, by Junichi Takahashi	83
Wisconsin, The Negligible Oil Possibilities of. By W. H. Twenhofel	653
World Race for Oil, The. Review by J. H. Hance	303
Wyoming Oil Fields, Faulting in. By Edward L. Estabrook	95
Wyoming, Reported Oil Strikes in Hanna Basin and Red Desert. Geological Note by E. W. Krampert	575
Wyoming, The Oil Fields of the Rawlins-Lost Soldier District. By E. W. Krampert	131
